

ALL-TAG 15x52 mm Cosmetic Label

The ALL-TAG 15x52 Cosmetic Label allows cosmetics retailers to protect high-shrink, difficult to tag items such as lipstick, eyeliner, perfume, or any other product that is too small for the more traditional RF Label sizes. These labels can be clear so that the product branding is uncovered, or the product branding can be printed on a white top paper. Retailers can also choose a stronger, tamper resistant adhesive for added security.
